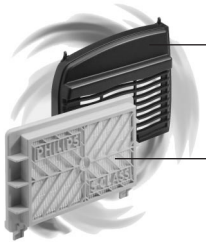
S-Class filter accessory set HR 6994

Especially designed for **Philips Mobilo vacuum cleaners**.

The S-Class filter is capable of removing from the outlet air at least 99.97% of all the particles measuring 0.0003 mm and more.
This includes not only normal domestic dust, but also harmful microscopic vermin such as glycyphagii and their excrements.
These are known as causes of bronchial allergies.



Grill **4822 458 10613**

Filter **4822 480 10084**

Important

- To guarantee optimum air filtering, the S-Class filter needs replacement at least once a year.
- For replacement, single S-Class filters are available under **type n°. HR 6992 or service n°. 4822 480 10084**.
- Please note that the S-Class filter holder will replace the present outlet grill of your **Mobilo vacuum cleaner**.
  However, we advise you to keep the outlet grill and the spring for possible later use.

Before first use

- Remove the AFS filter holder containing the AFS filter (fig. 1).
- Remove the spring which has now become visible (fig. 2).
- Place the S-Class filter in the filter holder (fig. 3).
- Put the S-Class filter in the holder with the lever pointing upwards (fig. 4).
- Close the filter holder and push the lever down (fig. 5).

How to replace the filter

- Open the filter holder.
- Remove the old filter.
- Place the new filter.
